HUNTING PARK AVE. at 18th St., PHILADELPHIA 32, PA., and COURT HOUSE SQUARE, CLINTON, IOWA

Cable Address—"Burpee" Philadelphia

Dear Friends:

Last year you probably enjoyed one of the best seed selling seasons in your history. We feel that this coming season will be better even than last.

Gardening has ceased to be a hobby only; it is now a necessity. High living costs and scarcity of essential foods have encouraged the starting of new gardens. New introductions and improvements in old varieties of vegetables have increased yields and renewed interest in established gardens.

We must not forget the increasing interest in flowers. We are constantly endeavoring to stimulate this by the introduction of new varieties of flowers. Our national advertising has also been a great factor in this new interest, and you will find it very helpful in increasing your seed sales.

In spite of rising costs we have not raised prices except where absolutely necessary.

We are trying always to improve our service to you and we appreciate the opportunity of furnishing you with the Best Seeds That Grow.

Please send your orders to Philadelphia, Pa., or Clinton, Iowa, whichever is nearer to you.

Faithfully yours,

David Burper

President

# Burpee's Early Flowering SWEET PEAS

Varieties are arranged in each color class from deep to light shades

Burpee's Early Flowering Sweet Peas come into bloom outdoors before the summer heat arrives—3 to 4 weeks earlier than the Giant Spencer varieties offered on pages 56 to 59. They are valuable for winter flowering under glass, also especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep, rich soil which must be well drained.

#### White

3390 Burpee's White Magnificent large, frilled, pure glistening white flowers which are particularly sweet-scented. A splendid white-seeded white.

**3395 White Giant\*** Flowers are extremely large, of the purest white, and perfectly placed in fours on long, strong stems. An extra choice white-seeded white.

#### Cream

3334 Oriental Deep cream or primrose flowers of large size and unusual beauty. Black-seeded.

#### Fawn Pink

3162 Golden Pink\* Outstanding color—glowing golden or fawn pink; beautiful, especially under artificial light. Large, well-waved flowers.

3309 World's Fair Light golden cream faintly overlaid with a delicate suffusion of fawn, deeper toward the edges.

#### Salmon Pink

3365 Mrs. Douglas MacArthur\* Sparkling rich and deep salmon-pink self on a creamy white ground.

Oz.  $75 \, \varepsilon$ ;  $\frac{1}{4}$  lb. \$2.75; lb. \$9.50

3356 **Bridesmaid** Extra large, light salmon-pink flowers on white ground. A favorite with many.

#### Rose

3384 American Beauty Of the same crimson-rose color as its namesake, the American Beauty Rose.

3306 Pearl Buck\* Rich warm rose standard with an orange tinge; wings are deep rose. Beautiful.

#### Rose Pink

3352 Annie Laurie Large flowers of splendid form and pure rose-pink—the deepest shade in this color group.

Oz.  $25 \, \varepsilon$ ;  $\frac{1}{4}$  lb.  $90 \, \varepsilon$ ; lb. \$3.00

3339 Ball's Rose Rich deep rose with a fine suffusion of salmon-pink. Large, long-stemmed, well-waved flowers. Oz.  $25 \, \text{¢}$ ;  $\frac{1}{4}$  lb.  $90 \, \text{¢}$ ; lb. \$3.00

**3355 Josie** Flowers are very large, long stemmed, and of a rich, deep rose-pink. Uniform throughout.

3393 Shirley Temple\* Charming shade of soft rosepink. Flowers are large and daintily frilled.

**3349 Burpee's Giant Pink\*** Lovely shade of pink blending with a pure soft rose into a marvelous clear rosepink; most intense toward the edges. Flowers are large.

1/2 lb. or more of any named Sweet Pea listed may be ordered at the lb. rate.

We have marked with a star (\*) the varieties that we prefer in each color class.

If you are in doubt as to which to choose, make your selection from those thus marked.

#### Crimson

Oz.  $25 \, \varepsilon$ ;  $\frac{1}{4}$  lb. 90c; lb. \$3.00

#### Cerise and Salmon Cerise

## Spring Flowering Sweet Peas

Come into bloom outdoors between the Early and Giant Spencer classes. Plants are quite vigorous and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections:

3470 Blue Clear marine blue; free bloomer.

3479 Lavender Lovely soft shade of lavender.
